

Python orchestrator (LangGraph)

graph.py
fixed edge order + conditional routing

Agents: Generator · Feedback · Minimizer

Versioned blackboard (state.py + checkpointer)
seed corpus & lineage · coverage · verdict history · feedback guidance

Go deterministic core

gRPC adapter
deterministic nodes:
build · coverage · oracle

MCP adapter
read-only agent tools:
search_source · query_invariants
coverage_diff · creduce_run

Checker-metadata SSOT
ISA binding · single/differential · cheap/expensive
