

Orchestrator scheduler · Generator
Routing / Build / Coverage / Checker
Feedback · Minimizer + C-Reduce

all read/write through state; every result appended

Versioned blackboard (only linkage channel)

locked invariant-checker pair · applicable ISAs · budget
seed corpus and lineage · routing/build artifacts · cumulative coverage
four-state verdict history · deterministic evidence · feedback guidance
minimized PoC · revalidation result · review-ready finding record

versioned replay · explicit edges · provenance

REPRODUCIBLE pin a version → inputs fixed
ABLATABLE switch each linkage edge independently
AUDITABLE trace every claim to deterministic evidence
